Important Frequencies

KE Primary: 146.415 MHz
Weekly Net, Thurs. 1900

KE Secondary: 146.475 MHz

4Cs Repeater: 145.110 MHz
(TX down 600 with PL 82.5)

Monthly Meetings

In-person meetings

2nd Monday of each month
7:00 pm

(online via Zoom for now)

Arlington Park Clubhouse,
1120 Arlington Blvd,
El Cerrito, CA

The next meetings are:

July 13th, 2020

Aug 10th, 2020

Meeting minutes are on
the website in the past
events page.

What's New

KARO ECHO Monthly Meeting, July 13th, 1900 — **ONLINE VIA ZOOM**

Because the city clubhouse location remains closed to public meetings, the monthly KARO ECHO meeting will once again be held using the Zoom online meeting app, at the usual time, 1900, Monday July 13th. Look for the link to join in a KARO ECHO email from Howdy KE6BEE. The agenda will include an opportunity to ask technical questions to be answered by the group as well as discuss other technical training and elmering initiatives. Neighborhood nets and communication hubs will also be discussed further.

New Elmering Online Resource

A new online elmering resource has been established, the elmer@karoecho.net email and google group. Anyone can email this address with a technical question about ham radio or emergency communications procedure. Knowledgeable KARO ECHO members will provide answers and discussion. The emails can be browsed as a later resource by using the google group web interface.

KARO ECHO Fire Patrol

KARO ECHO has an informal Fire Patrol group that self-activates on Red Flag fire warning days. Members will patrol high-risk areas on foot and in vehicles, or just monitor 146.415 MHz from home, to help get an early alert to the Fire Department of any smoke or fire. If you're interested in learning more or joining the list, send mail to fire.patrol+subscribe@karoecho.net

Preparation for Public Safety Power Shutdowns (PSPS)

In 2019, portions of Kensington and El Cerrito experienced Public Safety Power Shutdown (PSPS) electrical outages lasting up to 48+ hours. Some areas also had no cell phone or internet service during PSPS, making radio an important form of communication during these outages. KARO ECHO members are encouraged to turn on their radios to 146.415 MHz and monitor the frequency during PSPS. Last year there was useful communication passed between many operators both inside and outside outage areas. Are you prepared to operate for 48-72 hours on battery power alone? If you need advice on your power situation, send mail to elmer@karoecho.net. Here are links to [PG&E slides](#) and a [recorded video of a recent presentation](#) about the coming PSPS season. Outages are intended to be smaller and shorter in duration this year, but preparation is still important.

LOCAL NETS**KARO ECHO NET**

146.415 MHz Simplex

Thursday eve, immediately after the West Contra Costa RACES Net, but never before 1900 hours local time.

West Contra County ACS/RACES Net

145.110 MHz repeater

(TX down 600 with PL 82.5)

Thursday: 1845 local time

Contra Costa County HF EmComm/RACES Net

3893 KHz

Thursday: 1835 local time

American Red Cross of the Bay Area (ARCBA)

WW6BAY Repeater

443.975 MHz

TX +5 MHz, PL 100 Hz

Wednesday: 2000 local time

BOARD OFFICERS

President: Hal KK6NDF

Treasurer: Larry KK6GIO

Secretary: Natalie KM6UCF

Outreach Manager:

Annette, KJ6SWK

Emergency Coordinator:

(also newsletter and net coordinator)

Howdy KE6BEE

Webmaster: Rob K6RJM

What's New *(continued)***Neighborhood nets and Communication Hub Activities**

The first wed. of the month FRS/GMRS net activities have grown to four.

Karen, KK6ZPM, Jay, KJ6WSS and Edward, KM6UBY run an excellent multi-community net out of Richmond at 11 am on the first Wednesday of the month on Ch. 15 simplex (462.550). Participation has been high and wide with 25+, from Richmond, El Sobrante, El Cerrito, Berkeley, Oakland, and Kensington.

Other, more localized, nets have been establish on the evening of the first Wed. of the month:

EC4 (central El Cerrito Hills) CERT Net, Ch. 2 simplex (462.5875), at 1845.

Rob K6RJM

EC9 (North El Cerrito Hills) CERT Net, Ch. 15 simplex (462.550), at 1900.

Mike KM6CXI, Don NI6A

East Richmond Heights, Ready to React Net, Ch. 7 simplex (462.7125), at 1930.

Diane KK6RED, David KJ6AAT

While the three evening nets are nominally "neighborhood nets" others are welcome to monitor and check in.

Our collective vision is that eventually every neighborhood will have access to reliable communication during disasters when conventional comms are down through a linked FRS, GMRS, and Ham radio nets (local to regional).

Welcome New Hams

New El Cerrito licenses issued: KN6JTG

New Kensington licenses issued: none in past month

Important! - Membership Renewals were due at the beginning of the year

It is never too late to renew your KARO ECHO membership dues, if you haven't already renewed for this calendar year. You can pay Treasurer Larry KK6GIO (check made out to KARO ECHO). Mail to P.O. Box 2025, El Cerrito, CA, 94530-3651. \$30 for individual membership, or \$40 for family membership. Thanks.

Activities

Weekly Net Control Rotation

Thanks go out to the volunteer stations who have been taking turns as Net Control Stations (NCS) each Thursday. This rotation has been working very well and everyone has been doing a great job. The regular NCS roster has 9 operators. Thank you to Blake KN6CMP and Susan KN6CMR who both took recent opportunities to try out net control for the first time. There are opportunities for others to fill in when a regular station has a scheduling conflict and there is always room to add more stations to the rotation. [Download the new Net Script for NCS operators.](#)

Below are the current scheduled dates for each operator. The [KARO ECHO google calendar](#) also has these assignments and can be found at the bottom of the events page. Add to your electronic calendar By pressing the "+GoogleCalendar" button in the lower right.

Net control is a skill that many operators should have and regularly practice. Please contact Howdy ke6bee@arrl.net if you are interested in taking a net control assignment.

Callsign	Name	Assigned Dates (skipped: 7/4/2019, 11/28/2019)						
KE6BEE	Howdy Goudey	6/20/2019	8/29/2019	10/31/2019	1/9/2020	3/12/2020	5/14/2020	7/16/2020

Thursday Net Training Exercises

Following the net check-ins every Thursday at 1900 on 146.415, KARO ECHO usually runs a training exercise to learn and practice skills that are important for successful disaster communications.

[A list of potential training exercises](#) is posted and maintained on the training page of the website.

Our weekly net check-ins counts for 2020 are up strongly. For the past 3 months, we have averaged 22 participants with 5 of those nets having 24 check-ins. In past years we averaged 14-15/week. Overall, it is great to see that more operators are active. Thanks for your participation. Keep it up!

About KARO ECHO

KARO ECHO is the name of the Kensington Amateur Radio Operators and the El Cerrito Ham Operators mutual benefit association, an all-volunteer non-profit group of amateur radio operators providing auxiliary communications for the cities of Kensington and El Cerrito in the event of a disaster. KARO ECHO works with CERT (Community Emergency Response Teams) in Kensington and El Cerrito, but is not an official part of the CERT program.

Monthly in-person meetings of KARO ECHO are on the 2nd Monday of each month at 7:00 pm at the Arlington Park Clubhouse, 1120 Arlington Blvd, El Cerrito, CA. The next meetings are:

- ♦ July 13th, 2020
- ♦ Aug 10th, 2020

Yearly membership dues are \$30/year for individuals, \$40/year for a family membership. Payments can be given to the Treasurer at monthly meetings or mailed to the address below. Participation is welcome independent of paid membership, but only licensed amateur radio operators who are dues paying KARO ECHO members will be allowed to vote on KARO ECHO business. Dues cover our 510c3 registration, post office box, web page, station operating manuals and more. Your input on useful expenditures to aid emergency communications is welcome.

Mail to: KARO ECHO, PO Box 2025, 6324 Fairmont Ave, El Cerrito, CA 94530-3651

Please see our website for more information: www.karoecho.net

You can contact the KARO ECHO board by email: info@karoecho.net

KARO ECHO Facebook

The [KARO ECHO Group on Facebook](#) has a lot of good information, more than is contained on our website. There is a whole wide world of emergency communications information at <https://www.facebook.com/groups/1451216838315743/> Check it out and be inspired of what we can do to help disaster victims in our community.

Weekly Training Net

The Karo-Echo Weekly Training Net meets every Thursday evening immediately after the West Co Co County RACES/ACS Net; but not before 1900 on 146.415 MHz Simplex. Details at <https://www.karoecho.net/events>

KARO-ECHO Frequencies

The KARO ECHO primary frequency is 146.415 MHz simplex. Our secondary frequency is 146.475 MHz simplex, a 60 KHz spread between operating frequencies reduces adjacent frequency interference.

Newsletter Content Wanted

Any input on content you'd like to propose for inclusion in the KARO ECHO newsletter can be sent to Howdy ke6bee@arrl.net We welcome all ideas for content including announcements, events, etc.

Outreach, Education and Licensing

Training for Beginning Operators

Thanks to Jay KJ6WSS, Edward KM6UBY and Karen KK6ZPM for their May 23rd introductory radio class, with emphasis on the GMRS radio BTECH-V1. [A recording of the class and other resources are available here.](#)

Net Control Operator Training

Diane KK6RED, David KJ6AAT and Howdy KE6BEE taught an Apr 4th net control class for C8 the county wide CERT organization. There was a great reception to this class across the county and we inspired many groups to expand the scope of their net trainings. [The class recording is available here.](#)

EMCOMM related videos

ELMERING

An online elmering forum can be accessed by emailing elmer@karoecho.net or browsing the associated google group. More in-depth elmering/mentoring is available by request.

In the meanwhile, please check out the plethora of useful information at <https://www.karoecho.net> website.

Encouragement to Monitor 146.415 and Explore Other Nets

During the current shelter in place, with time spent at home, it is a good opportunity to use your radio and monitor 146.415 (call out for others occasionally and make some casual contacts). This is especially important as the Red Flag fire hazard conditions and electrical grid Public Safety Power Shutoff (PSPS) season rolls around again this summer and fall. There are a lot of other nets around the bay area that you can reach. Expand your radio horizons. See the [KARO ECHO Coordination page](#) for a listing of some other nets to explore. You can just listen at first, or program your radio (if a repeater is used) and try transmitting as a guest check-in to see if you can make contact.

KAROECHO.Net Website

Especially, check out the EVENTS Page (<https://www.karoecho.net/events>) and the WORKSTREAMS drop-down menu which will lead one to an extensive training page that provides online learning at your own pace. Everything from the very beginning to advanced EmComm operations is detailed. The RESOURCE page has many excellent outside links.

- ◆ If you are on Facebook, contribute to the KARO ECHO Facebook Group Page at <https://www.facebook.com/groups/1451216838315743/>
- ◆ If you haven't already filled out the JOIN form please do. Find it as a drop down menu under "Get Involved" See <https://www.karoecho.net/join>
- ◆ A follow-through novice primer has been put on the website for new hams once they have bought their radio and want to learn more. See: <https://drive.google.com/file/d/10J-569BRrx5adhA-hJGPeNITU6B9Yi6z/view>
- ◆ Also a new Dual-Band antenna primer for new hams who want to graduate from the rubber-duffy world is at https://drive.google.com/file/d/1u_ozABBRYDJDACFJRTV_rxWF1WjCgW_I/view
- ◆ Note that the Tram 1480 gain dual band antenna is currently still available for \$51 (no tax and free shipping) on ebay or from Home Depot. That and an inexpensive speaker tripod is a dynamite combination for portable operation. This antenna is equivalent to the Diamond X-200a antenna which sells at HRO for \$125.00 before taxes and shipping.
- ◆ For newbies, please visit <https://www.karoecho.net/workstreams/training> and read the study materials. It is all there except for hands-on experience. Ask questions!
- ◆ Following the Thursday evening net check-in, there is often a training session and/or discussion.
- ◆ All recent KARO ECHO **Minutes will be found at our Past Events page** We are now including past Executive Board Minutes as well. [Newsletters are on the Documents Page.](#)

If you desire to be removed from this email list, please email info@karoecho.net
